# Helpful TIPS for preparing your apartment

1. You must pull out stove and remember to clean inside oven, sides of stove, broiler drawer, under range panel and floor under stove. Some stoves tops do not open/prop up.

2. Clean microwave thoroughly, including grease that might build up underneath and filter throughout the year.

**3. Clean shower doors thoroughly, including tracks.**

**4. Clean top, inside and sides of Washer/Dryer. Don't forget to clean/wash lint trap.**

**5. Clean all cabinets inside and out... especially outside of cabinet doors.**

6. Clean ceiling fans thoroughly, especially blades.

7. Mini blinds which are broken or stained can be replaced by visiting your local hardware store. All blinds in apartment must match color and style. You can save money by replacing blinds on your own to avoid labor charges.

8. Painting may be very costly; therefore, it is important to clean or paint any blemish on wall which was made during your stay. Paint color is "First Site White". You can also try cleaning agents to see if the stain, scuff etc. can be removed without painting.
